

## **NPTEL to open enrolment for 2016: 47 New Online Courses added**

- January 07, 2016

**New Delhi:** IIT Madras led National Programme on Technology Enhanced Learning (NPTEL), an initiative of seven IITs and IISc is now opening admissions to 47 NPTEL Online Certification Courses for the year 2016. Enrolments to these courses are free and can be done online on their website <https://onlinecourses.nptel.ac.in> between January 18th 2016 - January 25th, 2016.

Courses are available across various disciplines in three course formats- 10-hr, 20-hr and 40-hr courses.

These are 'open for all' courses with no eligibility criteria for admissions. Lessons and sessions are internet based and users can login from the comfort of their home, follow the weekly lessons and submit assignments online. There is an optional certificate exam at the end of the course for a small fee which candidates can take up for a certification from IIT.

NPTEL has till date awarded 13000+ certificates to students who have participated in the previous 7 course-runs. More than 4 lakh students are enrolled in the programme and are taking advantage of this great learning opportunity provided by NPTEL.
