**Subjective question**

Q.1. What is the difference between dependency, unemployment and leisure?

Q.2. In what sense is work transitive?

Q.3. Discuss the concept of postmodernization.

Q.4. Why are human values important for survival of society?

Q.5. What is the sociological significance of application of computers in technology?

**Exercises**

E.1. How will you define human values? How are they different from religious and moral values? Who can teach human values?

E.2. What kind of change is likely to occur if a traditional society goes for postmodernization without following the intermediate step of modernization? Is it possible?

E.3. Write a note on causes of rural-to-urban migration in India?

E.4. What hardships rural migrants are likely to face in a new urban setting? Talk to some migrants in your town/city who have come from rural background? What all social, economic and cultural problems did they face at the place of destination? What was their primary motivation to come to a town/city?

E.5. Do most people in India get jobs on the basis of credentials? What are other factors in recruitment and promotion?
