Week 8 Assignment

To be submitted via Turnitin by [due date].

1. The heat available at high-temperature gasifiers lies in the range of
   \( T = 20 \, \text{MWe} \), \( 50 \, \text{MWe} \), \( 250 \, \text{MWe} \), \( 1000 \, \text{MWe} \).
   - No comments.
   - Due on [due date].

2. The total heat available at high-temperature gasifiers lies in the range of
   \( T = 20 \, \text{MWe} \), \( 50 \, \text{MWe} \), \( 250 \, \text{MWe} \), \( 1000 \, \text{MWe} \).
   - No comments.
   - Due on [due date].

3. The total heat available at high-temperature gasifiers lies in the range of
   \( T = 20 \, \text{MWe} \), \( 50 \, \text{MWe} \), \( 250 \, \text{MWe} \), \( 1000 \, \text{MWe} \).
   - No comments.
