Unit 2 - Week 0: Prerequisite

Assignment 0

The due date for completing this assignment is 2020-01-20. It must be submitted electronically.

Course Outline

- Course overview
- Week 0: Introduction
- Week 0: Problem Solving
- Week 0: Assignment 0
- Week 0: Assignment 1
- Week 0: Assignment 2
- Week 0: Assignment 3
- Week 0: Assignment 4

Assignment 0

1.  Determination of absolute velocity is
   - 75.4 m/s
   - 75.7 m/s
   - 75.9 m/s

2.  The basic unit of energy is the ______
   - J
   - Joule
   - Watt

3.  The basic unit of length is the ______
   - kg
   - Kilogram
   - Meter

4.  The basic unit of mass is ______
   - kg
   - Kilogram
   - Meter

5.  The basic unit of force is the ______
   - kg
   - Kilogram
   - Meter

6.  The basic unit of velocity is the ______
   - m/s
   - Kilometer per hour
   - Meter per second

7.  The basic unit of pressure is the ______
   - m/s
   - Kilogram per square meter
   - Meter

8.  The basic unit of energy is the ______
   - J
   - Joule
   - Watt

9.  The basic unit of power is the ______
   - J
   - Joule
   - Watt

10. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter

11. The basic unit of length is the ______
    - m
    - Meter
    - Kilometer

12. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter

13. The basic unit of force is the ______
    - kg
    - Kilogram
    - Meter

14. The basic unit of pressure is the ______
    - kg
    - Kilogram
    - Meter

15. The basic unit of energy is the ______
    - J
    - Joule
    - Watt

16. The basic unit of power is the ______
    - J
    - Joule
    - Watt

17. The basic unit of velocity is the ______
    - m/s
    - Kilometer per hour
    - Meter per second

18. The basic unit of pressure is the ______
    - m/s
    - Kilogram per square meter
    - Meter

19. The basic unit of energy is the ______
    - J
    - Joule
    - Watt

20. The basic unit of power is the ______
    - J
    - Joule
    - Watt

21. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter

22. The basic unit of length is the ______
    - m
    - Meter
    - Kilometer

23. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter

24. The basic unit of force is the ______
    - kg
    - Kilogram
    - Meter

25. The basic unit of pressure is the ______
    - kg
    - Kilogram
    - Meter

26. The basic unit of energy is the ______
    - J
    - Joule
    - Watt

27. The basic unit of power is the ______
    - J
    - Joule
    - Watt

28. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter

29. The basic unit of length is the ______
    - m
    - Meter
    - Kilometer

30. The basic unit of mass is the ______
    - kg
    - Kilogram
    - Meter
