Unit 11 - Week 9: Process intensification in Distillation

Assessment 9

The data for this assignment has been made available.

Week 1: Introduction

1. The data for this assignment has been made available.

Week 2: The Role of Process Intensification in Chemical Engineering Development

2. The data for this assignment has been made available.

Week 3: The Calculation of Process Intensification

3. The data for this assignment has been made available.

Week 4: Challenges of Process Intensification by reaction engineering

4. The data for this assignment has been made available.

Week 5: Challenges of Process Intensification by membrane technologies

5. The data for this assignment has been made available.

Week 6: Challenges of Process Intensification in Heat Exchangers

6. The data for this assignment has been made available.

Week 7: Process Intensification in Distillation

7. The data for this assignment has been made available.

Week 8: Process Intensification in Membrane Distillation

8. The data for this assignment has been made available.
