Week 2: Assignment 2

Due on AUS 19, 10:30 AM

1. There is no "2. answer" as there is no question 2.

2. a) Writing: starting
b) Reading: starting
c) Listening: starting
d) Speaking: starting

3. a) No deviation from normal
b) No deviation from normal
c) No deviation from normal
d) No deviation from normal

4. a) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
b) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
c) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
d) Eavesdropping, eavesdropping, eavesdropping, eavesdropping

5. a) The following is true for a bar graph:
   i. The bars are drawn to scale.
   ii. The bars are of equal width.
   iii. The bars are of equal width.
   iv. The bars are of equal width.

6. a) The bar graph is not drawn correctly.
   i. The bars are not drawn to scale.
   ii. The bars are not of equal width.
   iii. The bars are not of equal width.
   iv. The bars are not of equal width.

7. What is the following true of a bar graph?
   a) The bars are drawn to scale.
   b) The bars are of equal width.
   c) The bars are of equal width.
   d) The bars are of equal width.

8. a) True
b) False

c) False

9. a) Split the bar graph in half:
   i. The bars are drawn to scale.
   ii. The bars are of equal width.
   iii. The bars are of equal width.
   iv. The bars are of equal width.

b) Split the bar graph in half:
   i. The bars are drawn to scale.
   ii. The bars are of equal width.
   iii. The bars are of equal width.
   iv. The bars are of equal width.

10. a) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
    b) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
    c) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
    d) Eavesdropping, eavesdropping, eavesdropping, eavesdropping
