Assignment 4

1. Write a balanced equation for the reaction shown.

2. Balance the following equation:

3. Balance the following reaction:

4. Write the balanced equation for the reaction shown.

5. Balance the following equation:

6. Balance the following reaction:

7. Balance the following reaction:

8. Write the balanced equation for the reaction shown.

9. Balance the following equation:

10. Balance the following reaction:

11. Balance the following reaction:

12. Write the balanced equation for the reaction shown.

13. Balance the following equation:

14. Balance the following reaction:

15. Balance the following reaction:

16. Write the balanced equation for the reaction shown.

17. Balance the following equation:

18. Balance the following reaction:

19. Balance the following reaction:

20. Write the balanced equation for the reaction shown.
