Assignment no. 1

The due date for submitting this assignment has passed. As per our records you have not submitted this assignment. Due on 2018-08-15, 23:59 IST.

Each question carries equal marks.

1) Which of the following is not covered as a learning objective of this course?

- Influence of climate on flora and fauna
- Design of Landfills
- Remediation of contaminated sites

No, the answer is incorrect.
Score: 0

Accepted Answers:
Influence of climate on flora and fauna

2) Which of the following author has not written a book about landfills?

- Qian
- Vick
- Daniel

No, the answer is incorrect.
Score: 0

Accepted Answers:
Vick

3) Which of the following is not associated with subsurface contamination?

- Excessive use of pesticides
- Vehicular emissions
- Waste water ponds

No, the answer is incorrect.
Score: 0

Each question carries equal marks.

1) Which of the following is not covered as a learning objective of this course?

Both of above

No, the answer is incorrect.
Score: 0

Accepted Answers:
Both of above

10) Which of the following condition of MSW waste dumps is least preferable:

- Large source, short pathway and more receptors
- Small source, short pathway and less receptors
- Large source, large pathway, more receptors

No, the answer is incorrect.
Score: 0

Accepted Answers:
Large source, short pathway and more receptors
