Assignment B

- Please complete all problems (both areas - Area A and Area B).

**Area A - Sketching**

- Draw the side elevation of the given building.
- Label the main features of the building.
- Include any additional details such as windows, doors, and balconies.

**Area B - Dimensioning**

- Measure and label the dimensions of the given object.
- Ensure all measurements are accurate and clearly marked.

**Instructions**

- Use precise and clear notation for all measurements.
- Double-check all calculations and measurements.

**Notes**

- Refer to the provided guidelines for additional information.
- Submit your assignment by the due date.
