Unit 2 - week 0

Assignment 0

Check out the schedule:
- Assignment 1
- Assignment 2
- Assignment 3
- Assignment 4
- Assignment 5
- Assignment 6
- Assignment 7
- Assignment 8
- Assignment 9
- Assignment 10

Due: 9/29 17:00, Sun 11:45

Assignment 0

1. How heavy is the moon?  
2. How fast does the moon move in its orbit?  
3. How far is the moon from earth?  
4. How long does it take the moon to orbit earth?  

Due: 9/29 17:00, Sun 11:45

Assignment 1

1. How do we determine the distance to another planet?  
2. How do we determine the distance to another planet's moon?  
3. How do we determine the distance to another planet's sun?  
4. How do we determine the distance to another planet's stars?  

Due: 9/29 17:00, Sun 11:45

Assignment 2

1. What is the Moon's surface temperature?  
2. What is the Moon's surface temperature?  
3. What is the Moon's surface temperature?  
4. What is the Moon's surface temperature?  

Due: 9/29 17:00, Sun 11:45

Assignment 3

1. What is the most interesting thing you have ever seen in the earth's orbit?  
2. What is the most interesting thing you have ever seen in the earth's orbit?  
3. What is the most interesting thing you have ever seen in the earth's orbit?  
4. What is the most interesting thing you have ever seen in the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 4

1. How do we know the earth's orbit is elliptical?  
2. How do we know the earth's orbit is elliptical?  
3. How do we know the earth's orbit is elliptical?  
4. How do we know the earth's orbit is elliptical?  

Due: 9/29 17:00, Sun 11:45

Assignment 5

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 6

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 7

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 8

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 9

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45

Assignment 10

1. What is the best way to study the earth's orbit?  
2. What is the best way to study the earth's orbit?  
3. What is the best way to study the earth's orbit?  
4. What is the best way to study the earth's orbit?  

Due: 9/29 17:00, Sun 11:45
