Assignment 1

1. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

2. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

3. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

4. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

5. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

6. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

7. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

8. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

9. a. Write the number that is the square root of 16.
   b. Write the number that is the square root of 25.
   c. Write the number that is the square root of 36.
   d. Write the number that is the cube root of 8.

10. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

11. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

12. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

13. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

14. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

15. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

16. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

17. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

18. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

19. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

20. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

21. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

22. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

23. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

24. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

25. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

26. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

27. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

28. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

29. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.

30. a. Write the number that is the square root of 16.
    b. Write the number that is the square root of 25.
    c. Write the number that is the square root of 36.
    d. Write the number that is the cube root of 8.
