Assignment 1

The purpose of this assignment is to explore the concept of a service provider and its role in enabling consumers to access multiple services from a single platform. For this assignment, you are required to:

1. Choose a service provider and describe its offerings.
2. Explain how the service provider enables consumers to access multiple services.
3. Discuss the benefits and limitations of using a service provider for accessing services.

Due date: [Assume a specific due date based on the context].

This assignment should be submitted in a single Word document, with all sections clearly marked. Your submission should not exceed 1000 words.
