Assignement 7

1. a) Does the following data set have a Mean or Median?
   b) Explain why.

2. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

3. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

4. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

5. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

6. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

7. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

8. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

9. a) Which of the following data sets have a Mean or Median?
   b) Explain why.

10. a) Which of the following data sets have a Mean or Median?
    b) Explain why.

11. a) Which of the following data sets have a Mean or Median?
    b) Explain why.

12. a) Which of the following data sets have a Mean or Median?
    b) Explain why.

13. a) Which of the following data sets have a Mean or Median?
    b) Explain why.

14. a) Which of the following data sets have a Mean or Median?
    b) Explain why.

15. a) Which of the following data sets have a Mean or Median?
    b) Explain why.
