Assignment 7

Due on 3089-11-4, 23:59 IST

Unit 9 - Week 7

The assignment is designed to reflect the real-world issues that students may encounter in their professional lives. To complete the assessment, please fill in the blanks with the correct answers.

1. What causes bias in the media to overlook the real-world issues that affect the professional world? To research the issue, you need to read the relevant texts and locate specific information. You should be familiar with the key ideas of the texts and be able to explain the information accurately.

2. According to Loeb's (2010) model, what are the factors that influence the media's portrayal of social issues?

3. What does the research imply about the media's role in informing the public about social issues?

4. What is the impact of social media on the media's role in informing the public about social issues?

5. What are the benefits and limitations of social media for the media's role in informing the public about social issues?

6. What are the ethical considerations when using social media for the media's role in informing the public about social issues?

7. What are the implications of using social media for the media's role in informing the public about social issues?

8. What are the potential consequences of using social media for the media's role in informing the public about social issues?

9. What are the potential challenges of using social media for the media's role in informing the public about social issues?

10. What are the potential solutions to the challenges of using social media for the media's role in informing the public about social issues?
