Unit 5 - Week 3: Qualitative Methods in Development Research

Assignment 3

The deadline for submitting this assignment has passed.

As per our records you have not submitted this assignment.

1) What does 'conceptualization' mean in the context of designing qualitative research?
   (A) Designing the plan
   (B) Conceptual mapping of a concept
   (C) Theory, identification and examination of the concept
   (D) All of the above

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) Designing the plan
   (B) Conceptual mapping of a concept
   (C) Theory, identification and examination of the concept
   (D) All of the above

2) What would be an example of a clearly defined protocol or plan?
   (A) A general outline of the research design
   (B) A detailed list of data collection methods
   (C) A specific set of guidelines for data analysis
   (D) None of the above

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) A general outline of the research design
   (B) A detailed list of data collection methods
   (C) A specific set of guidelines for data analysis
   (D) None of the above

3) For qualitative research, we should not collect data from sources that are beyond observation and interviews.
   (A) True
   (B) False

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) True
   (B) False

4) Choose the correct form of qualitative research:
   (A) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (B) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (C) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (D) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (B) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (C) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations
   (D) Information gathering, open-ended questions, formation of themes, generalizations or themes from themes, paradox generalizations

5) Is there a "Search" button in Google Scholar?
   (A) True
   (B) False

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) True
   (B) False

6) Which of the following data collection methods is used when information is requested from a group rather than individuals?
   (A) Individual interviews
   (B) Case study
   (C) Focus group

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) Individual interviews
   (B) Case study
   (C) Focus group

7) What does inductive data analysis mean in the context of qualitative research?
   (A) Theoretical data analysis
   (B) Inference data analysis
   (C) Building hypotheses based on existing theory
   (D) An interpretive strategy

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) Theoretical data analysis
   (B) Inference data analysis
   (C) Building hypotheses based on existing theory
   (D) An interpretive strategy

8) Which of the following is a critical step when it comes to analysing the literature?
   (A) Whether the question is addressed in the literature
   (B) Whether the question is addressed in the literature
   (C) Whether the question is addressed in the literature
   (D) All of the above

   No, the answer is incorrect. Score: 0
   Accepted Answers:
   (A) Whether the question is addressed in the literature
   (B) Whether the question is addressed in the literature
   (C) Whether the question is addressed in the literature
   (D) All of the above

9) Which of the following is not one of the purposes of doing literature review?
   (A) Increasing your breadth of knowledge of your subject area
   (B) Identifying gaps in the literature and seek new lines of inquiry
   (C) Providing the intellectual context for your own work
   (D) Making sure that literature that does not support your argument is not included in this report

   No, the answer is incorrect. Score: 0
