   - she surprised everyone with her _______ analysis of the situation.
   - Perceptive
   - Reduce
   - Pedal
   - Acute

   Accepted Answer: Perceptive

3) Read the following passage and answer the question that follows.
   - N fury was as invested in the culture of science as in its material achievements, and he repeatedly invoked the scientific temper and the spirit of science. This apolitical understanding of science was shaped in his active involvement. It enabled him to pass for wise counsel and calm reason when dealing innumerably, part of his secular worldview and “scientist” sensibility, while combining his Indian opponents, especially those and their Indian colleagues.

   What is the key idea of the passage?
   - The condemnation of barbarism resulting from religious bigotry
   - The achievements of Science
   - N fury’s vision regarding the potential of science, both culturally and materially
   - N fury’s political development

   Accepted Answer: N fury’s vision regarding the potential of science, both culturally and materially
