   Score: 0
   Accepted Answers:
   False

Answer the following multiple-choice questions by selecting the right option. Each question carries two marks.

4) ISL users signed the word ‘fear’ by bringing both the hands towards the chest on a fist, and then let the fingers wiggle out loosely. Such a sign is significant because:
   - This is an example of ‘presentation’ signs because one is able to present the referent or action in some way.
   - This is an example of ‘depiction’ signs because it makes a picture of an impending external threat.
   - It is an example of a visual metaphor which is meant to demonstrate the workings of an emotion which is just beginning to churn from within.
   - It is an example of a metaphysical idea based on Prasa theory.
   - Such a sign is specific to a particular dialect of ISL from Assam.
   No, the answer is incorrect.
