Assignment 11

This is the assignment for the week of November 4th. Please read and understand the instructions before starting.

1. What is the probability of selecting a red marble from the bag?

2. What is the probability of selecting a blue marble from the bag?

3. What is the probability of selecting a yellow marble from the bag?

4. What is the probability of selecting a green marble from the bag?

5. What is the probability of selecting a white marble from the bag?

6. What is the probability of selecting a purple marble from the bag?

7. What is the probability of selecting a black marble from the bag?

8. What is the probability of selecting a silver marble from the bag?

9. What is the probability of selecting a gold marble from the bag?

10. What is the probability of selecting a bronze marble from the bag?

11. What is the probability of selecting a diamond marble from the bag?

12. What is the probability of selecting a heart marble from the bag?

13. What is the probability of selecting a spade marble from the bag?

14. What is the probability of selecting a club marble from the bag?

15. What is the probability of selecting a face card from the bag?

16. What is the probability of selecting a non-face card from the bag?

17. What is the probability of selecting a red card from the bag?

18. What is the probability of selecting a black card from the bag?

19. What is the probability of selecting a heart card from the bag?

20. What is the probability of selecting a spade card from the bag?

21. What is the probability of selecting a club card from the bag?

22. What is the probability of selecting a diamond card from the bag?

23. What is the probability of selecting a face card from the bag?

24. What is the probability of selecting a non-face card from the bag?

25. What is the probability of selecting a red card from the bag?

26. What is the probability of selecting a black card from the bag?

27. What is the probability of selecting a heart card from the bag?

28. What is the probability of selecting a spade card from the bag?

29. What is the probability of selecting a club card from the bag?

30. What is the probability of selecting a diamond card from the bag?

31. What is the probability of selecting a face card from the bag?

32. What is the probability of selecting a non-face card from the bag?

33. What is the probability of selecting a red card from the bag?

34. What is the probability of selecting a black card from the bag?

35. What is the probability of selecting a heart card from the bag?

36. What is the probability of selecting a spade card from the bag?

37. What is the probability of selecting a club card from the bag?

38. What is the probability of selecting a diamond card from the bag?

39. What is the probability of selecting a face card from the bag?

40. What is the probability of selecting a non-face card from the bag?

41. What is the probability of selecting a red card from the bag?

42. What is the probability of selecting a black card from the bag?

43. What is the probability of selecting a heart card from the bag?

44. What is the probability of selecting a spade card from the bag?

45. What is the probability of selecting a club card from the bag?

46. What is the probability of selecting a diamond card from the bag?

47. What is the probability of selecting a face card from the bag?

48. What is the probability of selecting a non-face card from the bag?

49. What is the probability of selecting a red card from the bag?

50. What is the probability of selecting a black card from the bag?
