Assignment 3

1. Use the data to show which algorithms are accurate to predict:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

2. Using the data, explain whether the prediction algorithms are effective in predicting:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

3. With the data at hand, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

4. Without the data, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

5. Using the data at hand, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

6. Given the data at hand, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

7. Given the data at hand, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]

8. Given the data at hand, estimate the accuracy of the following algorithms:

   - a) [Diagram]
   - b) [Diagram]
   - c) [Diagram]
