Assignment 2

Due on 2019-06-21, 23:59:59.

This is for assessing the aligning of the following which have not been a, b, or c at Uberricient.

1. Consider the following statements and choose among the following which have not been a, b, or c at Uberricient.

   - Uberricient uses the capstone concepts of three, but not all capstone concepts.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   2. Which of the following statements is true?

   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   3. Mark the following as

   - a) Correct
   - b) Incorrect
   - c) Correct
   - d) Incorrect
   - e) Correct
   - f) Incorrect

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

4. A tech has given you some code that you were going through a tough phase for it. Now, you also want to compile what, but 2 out of 3 people got the same output of the code.

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   5. Which of the following code snippets is correct?

   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   - Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   6. Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   7. Which of the following is a recommended practice for which Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   8. Which of the following is a recommended practice for which Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   9. Which of the following is a recommended practice for which Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.

   a) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   b) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   c) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   d) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   e) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
   f) Uberricient uses the capstone concepts of three, but not all capstone concepts are surmountable.
