Week 11: Assignment 11

Due date: Monday 13th of December 2021

Assignment 11

Objective:

To develop an understanding of the concepts of visual memory and to apply these concepts to the design of a visual memory aid.

Instructions:

1. Visual memory plays a key role in our ability to store and recall information. In this assignment, you will develop a visual memory aid that will help you remember the steps involved in a specific process.

2. The process involves the following steps:
   - Identify the key steps involved in the process.
   - Use a diagram or a flowchart to illustrate the sequence of steps.
   - Include any relevant information or details that may aid in understanding.

3. Your visual memory aid should be clear and easy to follow. It should be able to help someone unfamiliar with the process understand it quickly.

4. Submit your visual memory aid as a digital document.

5. Your visual memory aid should be no more than one page in length.

Submission:

Send your visual memory aid to the instructor by the due date.

Evaluation:

Your visual memory aid will be evaluated based on the following criteria:

- Clarity and accuracy of the visual representation
- Effectiveness in conveying the process
- Creativity in the design

Late submissions will not be accepted.

Good luck with your assignment!
