Assignment 10

The due date for submitting this assignment has passed. As per our records you have not submitted this assignment.

1) A histogram is a special bar chart that shows the frequency of the data values to visualize the distribution of data values.
   - True
   - False

2) Which of the following is/are the measures of central tendency?
   - Mean
   - Median
   - Mode
   - All of these

3) Design of experiments seeks to:
   - Determine which variables affect the system.
   - Determine how the magnitude of the variables affects the system.
   - Determine the optimum levels for the variables.
   - All of these

4) SN ratio is:
   - Sound to Noise ratio
   - Signal to Noise ratio
   - None of these

5) The change in a response variable produced by a change in the factor level is known as:
   - Interaction
   - Effect
   - Run
   - None of these
