Assignment 12

Due on 2020-04-02, 23:59:59 BST.

The due date for submitting this assignment has passed. As per our records you have not submitted this assignment.

1. The benefits of Materials Requirement Planning are:

   A. Accurate forecasting
   B. Efficient production planning
   C. Reduced inventory costs
   D. Improved supplier relations

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Accurate forecasting
   B. Efficient production planning
   C. Reduced inventory costs
   D. Improved supplier relations

2. JT increased the _________.

   A. Purchasing cost
   B. Production cost
   C. Sales cost
   D. None of these

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Purchasing cost
   B. Production cost
   C. Sales cost
   D. None of these

3. Which of the following is included among the seven wastes mentioned by R. W. Hamming?

   A. Overproduction
   B. Waiting for parts
   C. Waiting for the previous process
   D. Overprocessing

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Overproduction
   B. Waiting for parts
   C. Waiting for the previous process
   D. Overprocessing

4. The types of Kanbans are:

   A. Production Kanban
   B. Inspection Kanban
   C. Work-in-process Kanban
   D. Work-done Kanban

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Production Kanban
   B. Inspection Kanban
   C. Work-in-process Kanban
   D. Work-done Kanban

5. Materials Requirement Planning constitutes a set of techniques that use _________.

   A. Bill of materials
   B. Inventory data
   C. Master production schedule
   D. All of these

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Bill of materials
   B. Inventory data
   C. Master production schedule
   D. All of these

6. The seven statements considering the use of Material EDRS file are:

   A. Provides a list of materials and their quantities required to produce the final items.
   B. Determines the list of bottleneck processes, material usage, and its specifications.
   C. The EDRS file is used every time there is a change in product design or specifications.
   D. None of these

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Provides a list of materials and their quantities required to produce the final items.
   B. Determines the list of bottleneck processes, material usage, and its specifications.
   C. The EDRS file is used every time there is a change in product design or specifications.
   D. None of these

7. The inventory data file include:

   A. Material code
   B. Inventory on hand
   C. Material on hand
   D. All of these

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Material code
   B. Inventory on hand
   C. Material on hand
   D. All of these

8. The benefits of EDRS systems are:

   A. Reduce stock to a minimum
   B. Achieving coordination of global demand, supply and production
   C. Improve product quality
   D. All of these

   No, the answer is incorrect. Score: 0.1

   Accepted Answers:
   A. Reduce stock to a minimum
   B. Achieving coordination of global demand, supply and production
   C. Improve product quality
   D. All of these
