Assignment 10

Due on 2018-10-20, 23:59:59 IST

The task is to simulate the assignment from previous week.
All of the settings and instructions from the previous week apply.

1. Write depth analysis for the given depth Schematic in 1D. Draw a separate plot for each of the 3 different values of depth.
2. Write the simulation in a separate file for each scenario.
3. Include a brief discussion on the results.
