<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>a.</td>
<td>maintain the comfort zone for the student</td>
</tr>
<tr>
<td>b.</td>
<td>produce a busy classroom</td>
</tr>
<tr>
<td>c.</td>
<td>achieve specific goals</td>
</tr>
<tr>
<td>d.</td>
<td>maintain order</td>
</tr>
</tbody>
</table>

**No, the answer is incorrect.**

**Score:** 0

**Accepted Answers:**

- c. achieve specific goals

2. The four principles of OBE are

<p>| | |</p>

<tbody>
<tr>
<td>a.</td>
<td>Clarity of focus, expanded opportunity, high expectation and design down</td>
</tr>
<tr>
<td>b.</td>
<td>Well grounded, meaningful experience, personalized learning and community</td>
</tr>
<tr>
<td>c.</td>
<td>Critical reflection and growth of an individual career</td>
</tr>
<tr>
<td>d.</td>
<td>Encourage an appreciation of learning through intuition, imagination, and aesthetic experience</td>
</tr>
</tbody>
</table>

**No, the answer is incorrect.**

**Score:** 0

**Accepted Answers:**

- a. Clarity of focus, expanded opportunity, high expectation and design down

3. The outcome of laboratory courses of four years duration or more of post-secondary study will be

<p>| | |</p>

4) Program Educational Objectives for a particular program of different institute will be

- A. Identical
- B. Similar
- C. Will depend on the institute's mission, vision and needs of the surrounding industries.

No, the answer is incorrect.

5) What are the major classifications of Affective Domain from descending order?

- a. Characterizing, organizing, valuing, responding, receiving
- b. Naturalization, articulation, precision, manipulation, Imitation
- c. Evaluation, synthesis, analysis, application, comprehensive, knowledge
- d. All of the above.

No, the answer is incorrect.

6) Following course outcomes are written for a 4 years of post-secondary study as per the NBA Accreditation parameters. Out of those course, which one is not suitable as a course outcome?

I. For a given mechanical oscillator able to compute velocity, acceleration using time period and frequency and justify the impact of resonance in swing of the pendulum, construction of bridge and other given other oscillatory motions.

II. For a given type of oscillation students can derive and solve 1D, 2D and 3D wave equations.

III. The students will be able to describe the Maxwell's equation.

- A. (I)
- B. (I) and (II)
- C. (III)
- D. (II) and (III)

No, the answer is incorrect.

7) Which of the following describe the need for the Instructional Objectives

- a. Brings focus, objectivity to instruction
- b. It provides the student with a clear understanding of what he is expected to learn and what he will be tested on
- c. Provide information about the coverage of the instruction

No, the answer is incorrect.
b. It provides the student with a clear understanding of what he is expected to learn and what he will be tested on

8) Write down the cognitive level of the following Instructional objective. 

Given the specification for an auditorium or studio requirement list the acoustical requirements and design the acoustic part of the auditorium or studio

- A. Application
- B. Analysis
- C. Synthesis
- D. Evolution

No, the answer is incorrect.
Score: 0
Accepted Answers:
C. Synthesis

9) The steps to the ADDIE design model are?

- a) analyze, develop, design, import and export
- b) analyze, develop, design, implement and evaluate
- c) analyze, design, develop, import and export
- d) analyze, design, develop, implement and evaluate

No, the answer is incorrect.
Score: 0
Accepted Answers:
d) analyze, design, develop, implement and evaluate

10) An Instructional objective must be written in the form of

- A. Self-Monitoring, Analysis, and Reporting Technology
- B. Specific, Measurable, Achievable, Relevant and Time Related
- C. Statistical Modelling and Artificial Reasoning Technology
- D. Strategic planning, Mapping, Reporting, and Teaching

No, the answer is incorrect.
Score: 0
Accepted Answers:
B. Specific, Measurable, Achievable, Relevant and Time Related
