Assignment 2

Due on 2020-08-12, 23:58 IST.

Note: More than one answer may be right. Partial marks are awarded if only some of the correct answers are selected. No marks awarded if none of the answers are correct.

1. Choose the correct answer: 2 points

   a. Water is the primary source of _______
      - Electrical energy
      - Nuclear energy
      - Solar energy
      - Wind energy

2. What is the major source of energy? 2 points

   a. Solar
   b. Nuclear
   c. Geothermal
   d. All of the above

3. What are the major sources of energy? 2 points

   a. Solar, wind, geothermal, nuclear
   b. Solar, wind, geothermal, hydro
   c. Solar, wind, geothermal, coal
   d. Solar, wind, geothermal, biomass

4. Select the renewable energy source that cannot be stored using a battery. 2 points

   a. Wind
   b. Solar
   c. Biomass
   d. Hydro

5. Which of the following is a non-renewable energy source? 2 points

   a. Wind
   b. Solar
   c. Fossil fuels
   d. Nuclear

6. Which of the following is a non-renewable energy source? 2 points

   a. Wind
   b. Solar
   c. Fossil fuels
   d. Nuclear

7. Which of the following is a non-renewable energy source? 2 points

   a. Wind
   b. Solar
   c. Fossil fuels
   d. Nuclear

8. Which of the following is a non-renewable energy source? 2 points

   a. Wind
   b. Solar
   c. Fossil fuels
   d. Nuclear

9. Which of the following is a non-renewable energy source? 2 points

   a. Wind
   b. Solar
   c. Fossil fuels
   d. Nuclear

10. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

11. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

12. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

13. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

14. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

15. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

16. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

17. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

18. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

19. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear

20. Which of the following is a non-renewable energy source? 2 points

    a. Wind
    b. Solar
    c. Fossil fuels
    d. Nuclear
