Assignment 6

Aesthetic decision making and creative thought processes

1. Describe the process of aesthetic decision making in your creative work. What factors do you consider when choosing elements for your compositions?

2. Discuss the role of intuition in your creative process. How does intuition guide your decision-making when you are stuck or unsure of your direction?

3. Reflect on a recent piece of work that you created. Identify the elements you chose and explain why you made the specific aesthetic decisions you did.

4. How do you balance the intellectual and emotional aspects of your work? What are the challenges in achieving this balance?

5. Discuss the role of external feedback in your creative process. How does receiving criticism or praise affect your decision-making and your work?
