Assignment 2

Instructions:

1. Choose one of the following questions:
   a. How do archaeologists determine the age of artifacts?
   b. What is the significance of the pottery found at a particular site?
   c. Describe the process of creating a site plan.

2. Write a short essay (2-3 paragraphs) answering the chosen question.

3. Include at least one image or diagram to support your essay.

4. Submit your essay by the due date.
