Assignment 11

1. Which of the following is an example of primary pollutants?
   a. Reactor
   b. Dust
   c. Sulfur oxides
   d. All other above
   e. None
   
2. What is the relationship between temperature and health outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
3. 

4. Which of the following is not a risk factor for air pollution health impacts?
   a. Asthma
   b. Cardiac disease
   c. Respiratory infections
   d. All other above
   e. None
   
5. What is the relationship between air quality and health outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
6. What is the relationship between air quality and economic outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
7. What is the relationship between air quality and social outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
8. What is the relationship between air quality and environmental outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
9. What is the relationship between air quality and economic outcomes?
   a. Direct
   b. Indirect
   c. No relationship
   
10. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
11. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
12. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
13. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
14. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
15. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
16. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
17. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
18. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
19. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
20. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
21. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
22. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
23. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
24. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
25. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
26. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
27. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
28. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
29. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
30. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
31. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
32. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
33. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
34. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
35. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
36. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
37. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
38. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
39. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
40. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
41. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
42. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
43. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
44. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
45. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
46. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
47. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
48. What is the relationship between air quality and economic outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
49. What is the relationship between air quality and social outcomes?
    a. Direct
    b. Indirect
    c. No relationship
    
50. What is the relationship between air quality and environmental outcomes?
    a. Direct
    b. Indirect
    c. No relationship
