Quiz 1

The due date for submitting this assignment has passed. Due on 2019-03-13, 23:59 IST.
As per our records you have not submitted this assignment.

1) Which of the following activities best characterizes a Good engineer

- Solves ill-defined problems
- Recruits engineering staff
- Supervises the production line
- Develops marketing strategies for products

No, the answer is incorrect.
Score: 0
Accepted Answers:
Solves ill-defined problems

2) In case of Professional programs an Accreditation agency defines the goals of programs because

- All programs should have the same goals
- Colleges may not have the abilities to identify the goals
- Faculty are reluctant to identify as they consider it is restrictive to identify goals in advance
- Faculty are likely to focus mainly on their internal needs and difficulties in identifying the goals

No, the answer is incorrect.
Score: 0
Accepted Answers:
Faculty are likely to focus mainly on their internal needs and difficulties in identifying the goals

3) The most important characteristic of an Outcome Statement is

- It should be observable and measurable
- It should be relevant to the subject of concern
- It should be very clear to the student
- It should be of value to the student

No, the answer is incorrect.
Score: 0
Accepted Answers:
It should be observable and measurable

4) What does the statement “Survey, map and plan layouts for buildings, structures and alignments for canals and roads” represent

- Program Educational Objective
- Course Outcomes
5) Most of the engineering programs do not directly address two of the following characteristics of good engineers

- Having sound knowledge of engineering sciences and technologies
- Ability to solve well defined problems
- Awareness of customers' needs and market trends
- Ability to work in a team

No, the answer is incorrect.
Score: 0
Accepted Answers:
Program Specific Outcome
Awareness of customers' needs and market trends

6) It is necessary to consider education philosophically because

- Education is of concern to the society
- Government invests heavily in education
- It is necessary to know what to educate
- Students wish to know what are they getting trained for

No, the answer is incorrect.
Score: 0
Accepted Answers:
It is necessary to know what to educate

7) This learning theory considers learning is a process that is extended over time

- Cognitivism
- Constructivism
- Social Connectivism
- Connectionism

No, the answer is incorrect.
Score: 0
Accepted Answers:
Social Connectivism

8) Outcome Based Education became important because

- Outcome is a different measure of education
- Policy makers wanted a measure of what students have actually learnt
- Measuring attainment of Outcome is more difficult than measuring Output
- Measuring attainment of Outcome is easier than measuring Output

No, the answer is incorrect.
Score: 0
Accepted Answers:
Policy makers wanted a measure of what students have actually learnt

9) Accreditation of engineering programs was introduced to ensure

- Graduates of all engineering programs can have good placements
- Graduates of engineering programs have all the requisite characteristics of a good engineer
- Graduates of engineering programs have the required minimum knowledge of the branch they are graduating from

No, the answer is incorrect.
Score: 0
Accepted Answers:
The programs have a framework for an engineering teacher to plan and conduct his/her courses.

No, the answer is incorrect.
Score: 0

Accepted Answers:
Graduates of engineering programs have all the requisite characteristics of a good engineer

Teaching is
- Transferring information to learners in a formal setting
- The process of helping others to acquire knowledge, skills and values
- Demonstration of new knowledge and skills
- Assessing the performance of students

No, the answer is incorrect.
Score: 0

Accepted Answers:
The process of helping others to acquire knowledge, skills and values
