Assignment 4

1. After considering all the feedback received, the instructor must do two of the following:
   - Modify what went right
   - Modify the assessment tools to improve pass percentages
   - Request for improving the access to the library
   - Prepare a list of recommendations to improve the instruction

   No, the answer is incorrect.
   Score: 0

   Accepted Answers:
   - Modify what went right
   - Prepare a list of recommendations to improve the instruction

2. Formulate Evaluation activities is designing a course as per ADDIE model consists of:
   - Getting the output of Analysis phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions

   No, the answer is incorrect.
   Score: 0

   Accepted Answers:
   - Getting the output of every phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions
   - Getting the output of every phase peer reviewed and making the necessary revisions

3. Summative Evaluation activities consists of:
   - Grading the student performance in CIE
   - Grading the performance of students in SEE
   - Monitoring instructional planning, instruction and the student attainment of outcomes, and planning for revisions
   - Evaluating the usefulness of learning materials provided

   No, the answer is incorrect.
   Score: 0

   Accepted Answers:
   - Evaluating the usefulness of learning materials provided
   - Monitoring instructional planning, instruction and the student attainment of outcomes, and planning for revisions

4. Course Design Survey is typically an activity of ADDIE model's:
   - Development Phase
   - Development Phase
   - Development Phase
   - Development Phase

   No, the answer is incorrect.
   Score: 0

   Accepted Answer:
   - Development Phase

5. In ADDIE, Evaluate:
   - Is only format and never summative
   - Is only format and never summative
   - Is both format and summative
   - Is both format and summative

   No, the answer is incorrect.
   Score: 0

   Accepted Answer:
   - Is both format and summative

6. Course Design Survey forms for "theoretical" courses and "laboratory" only courses are most likely to be:
   - Identical
   - Mostly unrelated to each other
   - Mostly unrelated to each other
   - Mostly unrelated to each other

   No, the answer is incorrect.
   Score: 0

   Accepted Answer:
   - Mostly unrelated to each other

7. When the number of registrants to an elective course is small which of the following options is Fritz's best to use?
   - Course Design Survey form for the elective course is made identical to the course exit survey form for a core course
   - Course Design Survey form for the elective course is made considerably less detailed than the course exit survey form for a core course
   - Course Design Survey form for the elective course is made considerably more detailed than the course exit survey form for a core course
   - Course Design Survey form for the elective course is not administered for the elective course

   No, the answer is incorrect.
   Score: 0

   Accepted Answer:
   - Course Design Survey form for the elective course is made considerably less detailed than the course exit survey form for a core course

8. Project Design Survey is useful for:
   - Main Proj ect only and not for any Mini Projects
   - Main Proj ect only and not for any Mini Projects
   - Main Proj ect and for Mini Projects only when the Mini Project is offered as an independent course
   - Main Proj ect and for Mini Projects only when the Mini Project is offered as a part of a core course

   No, the answer is incorrect.
   Score: 0

   Accepted Answer:
   - Main Proj ect and for Mini Projects only when the Mini Project is offered as a part of a core course

9. "Induced me into becoming a better team player" is a question that is relevant in the exit survey of:
   - Theory-Only Core course
   - Theory-Only Elective Course
   - Project
   - Seminar

   No, the answer is incorrect.
   Score: 0

   Accepted Answers:
   - Theory-Only Core course
   - Theory-Only Elective Course
   - Project

10. The main project of an engineering program has the potential to address:
    - Only a very small number of OB-related to professional practice
    - Only a very small number of OB-related to professional practice
    - Only the OB-related to professional practice and specific domain
    - Only the OB-related to professional practice and specific domain

    No, the answer is incorrect.
    Score: 0

    Accepted Answer:
    - Only the OB-related to professional practice and specific domain
