

Financial Statement Analysis and Reporting

ABOUT THE COURSE:

Financial Analysis and reporting is an integral part of overall financial analysis carried out by various business organizations in India and all around the world. It depicts the financial health of any company and helps the companies to augment their financial resources and management of generated funds efficiently. It compels the business firms to remain judicious in fund allocation to different activities and sub activities and use the generated funds carefully. Financial analysis guides the companies about their future course of action and the direction that any particular company should move on. Financial Analysis and reporting is an integral part of overall financial analysis carried out by various business organizations in India and all around the world.
